PROPER REGLAZING · COMMUNITY PROGRAM

One Tub a Month

A free bathtub repair for a Bay Area family or senior who needs it.

WHAT IT IS

Every month we refinish one bathtub **free of charge**, labor and materials included. It's done in one day and comes with our 5-year warranty.

WHO IT'S FOR

Low-income households, seniors on a fixed income, shelters, group homes and community facilities in the Bay Area.

HOW WE CHOOSE

We give priority to tubs with **real functional problems**, like rust holes, cracks or peeling that make a tub hard or unsafe to use, over ones that just look dated. That way each month does the most good.

HOW TO NOMINATE

Anyone can nominate: a caseworker, a neighbor, a family member, or you for yourself. It takes about two minutes. We choose one nomination on the 1st of each month and call you to schedule.
